Constellation 500GB SATA	ST9500530NS	\$119
Constellation 500GB SAS	ST9500430SS	\$195

How It Works

- SPP member gets email about offer
- Customer visit program website:
 - Review terms and conditions
 - Download product information
 - View training
- Buy product from distributor as normal
- Revisit program website to claim
 - Upload documentation/invoice
 - Submit bank details to program administrators
 - Administrators check invoice, SPP membership and pay rebate amount directly to SPP member in currency of their choice

Exclusions/Conditions

- Cannot be DM, KRC T1, Sub-disty, VIR
 - COEMT1 are eligible
- Cannot be used in conjunction with other rebates
- Must be member of SPP program at time of purchase
- Maximum (1) 4-pack of Constellation ES drives and (1) 2-pack of Constellation drives allowed per SPP member company. If they buy more, we will only rebate on pack of highest value from each family.

Program Website

Seagate® Constellation™ Family Test Drive Offer

All-Star Enterprise Hard Drives With The World's Highest Capacity And Power Efficiency

The Constellation family includes 2.5-inch nearline hard drive with lowest enterprise power consumption and record setting 3.5-inch 7200-rpm 2TB hard drive for nearline Tier 2 enterprise applications.

The Seagate® Constellation™ drive is the perfect 2.5-inch hard drive for server and storage applications where low power, compact size, high capacity and cost-effective enterprise-class reliability are critical. It includes a 600r/s SAS interface—easing integration and delivering up to 2x the throughput compared to previous-generation hard drives—as well as an enterprise SATA 300r/s interface. And at 5000G, it offers the highest capacity of any 2.5 inch nearline drive.

Seagate® Constellation™ ES drives are the perfect 3.5-inch hard drive for environments that require highly reliable and efficient highest-capacity storage and seamless enterprise integration. They are among the highest-capacity drives available and are the only 600r/s SAS nearline hard drives on the market. With best in class 4th generation technology they deliver proven reliability, with an MTBF of 1.2 million hours.
