

DELL 27 GAMING MONITOR | S2719DGF

Slay any beast with your very own. Dominate with tear-free visuals enabled by FreeSync™

Have your game keep up

Smooth gameplay: Experience sharp, tear-free graphics with a swift refresh rate at 155Hz (overclocked) and AMD FreeSync™ for super smooth visuals.

Leave lag behind: Get blazing fast and responsive gameplay with minimum input lag at an extremely rapid 1ms response time.

Bask in every detail: Enjoy vivid edge-to-edge gameplay and crisp QHD resolution. You'll get lost in the 3.68 million pixels--almost two times more than Full HD.

Make your own rules

If looks could thrill: Recon-blue metallic finishing complements Dell Gaming PCs for a unified look and gaming experience.

Total versatility: Supports AMD FreeSync™ and offers you the flexibility to game with the No-Sync fast refresh option on your existing hardware.

Customize your advantage: Personalize and preset up to three gaming profiles, in addition to three factory preset modes, with a gamer-gearred menu.

Made to game your way: With tilt, pivot, swivel and height adjustable features, you can find your ideal viewing position and game for long hours comfortably.

Effortless Connectivity: With the wide range of ports, hook up this Gaming Monitor to your PC, and add another secondary device – like your gaming console of choice –for simultaneous entertainment options. Plus with convenient front access interfaces, you can easily connect your gaming mouse, keyboard and headphone.

Give them gamer envy: Create a seamless multi-monitor setup with the three-sided thin bezel design and expand your gaming landscape.

Maximum reliability: Dell Premium Panel Exchange allows a free panel replacement during the Limited Hardware Warranty³ period even if only one bright pixel is found.

A brand you can rely on

As the No.1 monitor brand worldwide* we take pride in our unyielding commitment to quality and the utmost satisfaction of our customers.

Minimize downtime with Dell's Advanced Exchange Service.²
